- Powerful 1 hp motor
- Vertical configuration with small footprint
- Utilizes standard HEPA filter, activated charcoal filter (sold separately) and pad filter (sold separately)
- Polyethylene shell for durability
- "Hand truck" configuration features non-marring skid allows for easy transport by one operator
- Compact upright design is perfect for tight spaces
- 12" Intake manifold available (sold separately)

Disclaimer

Due to the chemical nature of the coatings being used in conjunction with the Novair 1000 it is advised that the end user follow all recommendations set forth in section 8 of the coating manufacturers SDS as to respiratory protection.

NOVAIR 1000 PORTABLE AIR FILTRATION

12" Intake Manifold (sold separately)

Activated Charcoal Filter (sold separately)

Pad Filter box of 40 used as prefilter (sold separately)

Benefits

- Smooth, consistent air flow
- Extended filter life, due to motor pulling more particulates deep into the filter
- **Perfect for use in Hotels and Motels to minimize over spray**
- Replacement filters are readily available
- Dent proof, leak proof, polyethylene, lightweight and virtually indestructible
- **Eliminates need to cover furniture to protect against over spray when used properly**
