

PRODUCT DESCRIPTION

PRODUCT: Crosslink III Adhesive.

TYPE: Spray-on/wipe-on adhesion promoter primer.

DESCRIPTION: Topkote Crosslink III Adhesive (480X1919) is an adhesion promoter that can be used over all tub, tile and countertop surfaces including fiberglass & acrylics and eliminates the need for etching.

USES: Interior porcelain, ceramics, fiberglass, cultured marble, acrylic, laminates, metal and glass surfaces. Well suited for spray application on clean, properly prepared bathtubs, tile and countertop surfaces.

MIXING: No mixing is required before or during use. Dilution is not required.

APPLICATION: Using an HVLP sprayer apply 2 coats of Topkote Crosslink III, one horizontal and one vertical. You may also wipe it on, but spraying on eliminates the possibility of missing an area and maximizes coverage.

SHELF LIFE: Shelf life is one year unopened. This product is moisture sensitive, once the can has been opened, use within 30 days. Be sure to close lid tightly after use to prevent moisture from entering the container which can cause product to jell.

TECHNICAL INFORMATION

SURFACE PREPARATION: Surface must be clean and free of wax, polish, loose rust, oil, grease and moisture. Surface temp must be above 62°F. Old paint films which are soft, cracked or not firmly adhering to the surface may lift and wrinkle when Crosslink III Adhesive is applied over them. In such cases, the old finish should be removed. As a test, apply to a small inconspicuous area to determine compatibility.

TECHNICAL PROPERTIES

Appearance	Clear Liquid
